

Hello Czech LJ80 friends,

My name is Harold Boers. Nickname Offroadrunner.

I live in Soest, the Netherlands, and I drive a Suzuki 4x4 for about 25 years now. I bought my first J80 about 22 years ago.

I restored my current LJ80 12 years ago with a fibreglass body from Weiss Design, the rest of the car is completely original. Only the seats are from a Honda Prelude.

I organize the International Suzuki LJ80 meeting every year here in the Netherlands, which is very difficult because there are not much LJ80's overhere in Western Europe... And a lot of the Dutch LJ80 owners are restoring there cars right now... But next year we hope to welcome a lot of European people and there LJ80! Maybe some of you?? ;-)

I'm also one of the crewmembers of the Dutch LJ80 forum

(<http://www.suzukilj80.nl>)

On my own website (<http://www.offroadrunner.nl>) I have a lot of information about the Suzuki LJ80. You can also find pictures of LJ80 meetings. Take a look at it and feel free to sign my guestbook.

Best regards,

Harold Boers
